Help Build More Trails In Paulding County.....

Join Paulding SORBA!

Paulding County is quickly becoming recognized as a cycling community with not only the Silver Comet Trail but with newly signed agreements to build mountain bike parks. **Paulding County Chamber of Commerce** views Paulding SORBA as an important role in future tourism development in the county.

Why Become a Member?

Power in numbers.....It is more than just riding or volunteering time! **But why join?** In the process of working with local government and land owners **we need to show clout** as an organization.....If you can't volunteer your time or support with your finances.....the small membership fee will help us in many ways to build more trails in the local area.

What are the benefits??

- More local trails to enjoy
- **SORBA** members (Southern Off-Road Bicycle Association) also become members of **IMBA** (International Mountain Bicycling Association) receiving all the news and benefits from both groups. Visit www.sorba.org or www.imba.com for more details.

What we do!

- **Dig**..... working with community and member volunteers advocating and building trails in the Paulding County area.
- **Ride**..... weekly group rides...or simply enjoying the local trails solo or with friends.
- **Smile**.....events for Kids and Youth such as “**Take a Kid Mountain Biking**” and “**Earn a Bike**” Youth Volunteer programs.

Visit www.sorba.org and join Today!
