The Southern Off-Road Bicycle Association (SORBA) is the largest nonprofit mountain biking organization in the Southeast. Mountain biking is a healthy sport that affords riders of all ages the opportunity to enjoy our land's beautiful natural resources. Our members work with land managers in Alabama, Georgia, Florida, North Carolina, South Carolina, and Tennessee to create trails and trail systems for mountain bikers and other users to enjoy. Through advocacy,

education, and recreational opportunities, SORBA carries out its mission to promote land access, trail preservation, and new trail development in order to enhance mountain bike touring, racing, fun, and fellowship for all mountain bicyclists in the southeastern United States.

We have partnered with the International Mountain Bicycling Association (IMBA) and now represent over 3,600 members who help steward miles and miles of great trails in a seven-state area. The best riding in the Southeast is found on trails maintained by our volunteers. Our members love singletrack, rocks, roots, and logs, and we employ IMBA's trailbuilding practices to ensure that our trails are sustainable and challenging. SORBA was one of the first clubs to be affiliated IMBA.

IMBA-SORBA relies on our dedicated members to carry out our mission. Our volunteers donate thousands of hours each year to advocate for trail access, build trails, and maintain trails. SORBA volunteers take pride in their work, and it shows in the trails that they build, and in the events they host on their trails.
